Paraeducators: Considerations for Parents and Guardians

Join us for a conversation about the roles and responsibilities of paraeducators in Grand Forks Public Schools. School staff will give a short presentation about paraeducators in the schools. This will be followed by a panel discussion where parents and paraeducators will share their experiences and advice with the audience.

Participants are encouraged to bring questions for the presenters and panel.

For more information, call Rachel Hafner at 772.6191
